=====

ORDER :

The Principal Chief Conservator of Forests in his letter first read above among other things, has sent a proposal to the State Planning Commission to Implement the Schemes for Development and validation of cost effective value added nursery bags and compostable hycopots at total cost of Rs.40.25 lakhs under State Innovation Fund, during 2019-2020.

2. The Principal Chief Conservator of Forests in his proposal has stated that the project is intended towards the development of eco-friendly value added plastic composite for fabrication of nursery bags/hycopot. Compostability, moisture retention and nitrification (self fertilization) are the proposed value addition to the plastic composite. The proposed hycopots will gradually degrade in the soil with slow nitrification without leaching any hazardous substances to the soil. It will be made up of compostable plastic with natural resources material like coir pith, wood flour etc. which is cost effective and take the way for the effective utilization of natural resource based filler additives. He has also stated that the project will be supported by the CIPET: Institute of Plastics Technology (IPT), Chennai, and patent also proposed for this innovation.

3. The Member Secretary, State Planning Commission in the letter second read above has informed that after having discussion, the proposal of the Principal Chief Conservator of Forests, for development and validation of cost effective, value added nursery bags and compostable hycopots at Rs.40.25 lakh has been recommended for assistance under TANII, during 2019-2020 (2nd round) for a period of one year with remarks that the Forest Department has to work out the cost components of the large scale projection, relative cost effectiveness and also to mention the cost per unit.

4. The Government have carefully examined the proposal of the Principal Chief Conservator of Forests in detail and sanction a sum of Rs. 40.25 lakhs (Rupees Forty lakh and twenty five thousand only) for development and validation of cost effective, value added nursery bags and compostable hycopots under State Innovation Fund as detailed in the annexure to this order, during 2019-20 (2nd round) for a period of one year and the Principal Chief Conservator of Forests is instructed to work out the cost components of the large scale production, relative cost effectiveness and also to mention the cost per unit
